

Brasher's Sacramento Auto Auction

CASE STUDY

Location: **Sacramento, CA**

Application: **Auto Auction Warehouse**

Universal Retrofit System (URS)

The URS is the ultimate retrofit system for a variety of linear fluorescent light fixtures. Each URS is comprised of a patented aluminum extrusion, a high-efficacy set of LEDs, and an external dimmable driver. The URS is offered in two nominal lengths, 2' & 4', to retrofit the most popular installed housing.

RESULTS

Brasher's Sacramento Auto Auction replaced 180W fluorescent tubes with the Universal Retrofit System (URS). Light levels increased from 40 to 65 footcandles, improving visibility and safety while reducing the operating costs of the warehouse.
