

# Friend Public Schools

## CASE STUDY

Location: **Friend, NE**

Application: **Public School Office**

## Universal Retrofit System (URS)

The URS is the ultimate retrofit system for a variety of linear fluorescent light fixtures. Each URS is comprised of a patented aluminum extrusion, a high-efficacy set of LEDs, and an external dimmable driver. The URS is offered in two nominal lengths, 2' & 4', to retrofit the most popular installed housing.

## RESULTS

Friend Public Schools replaced 17 4' fluorescent tubes with the same amount of 4' URS bars. Their energy savings coupled with the displaced CO<sub>2</sub> reduces the carbon footprint of the school.

**9,895**

LBS OF CO<sub>2</sub> DISPLACED

**5x**

BRIGHTER

**1,950**
