

JFC International

LinmoreLED®
ULTRA PERFORMANCE LIGHTING

CASE STUDY

Location: **Hayward, CA**

Application: **Food Distribution Warehouse**

Eliminator High Bay (EHB)

The EHB is a powerful package of aluminum light bars, high efficacy LEDs, and optics options. With efficacy over 170 lumens per watt, maximum energy savings will be achieved. For warehouse aisles, a specific optic option has been developed for maximum punch.

RESULTS

JFC International replaced fluorescent tube high bays with Eliminator High Bays with attached motion sensing fixtures. Light levels increased from 16 to 31 footcandles, improving visibility and safety of employees while reducing the operating costs of the warehouse.
