

# Tire Centers

## CASE STUDY

Location: **Fontana, CA**

Application: **Manufacturing Warehouse**

## Ultra Performance High Bay (UPH)

The UPH is the ultimate high bay fixture. When designing the Ultra Performance High Bay (UPH), we considered all aspects of owning and maintaining a high bay lighting system from energy consumption to ease of ownership..

### RESULTS

Tire Centers replaced 221W fluorescent tube high bays with 144W UPH fixtures. Light levels increased from 28 to 65 footcandles, improving visibility and safety of employees while reducing the operating costs of the manufacturing warehouse.
