

True Value

CASE STUDY

Location: **Woodland, CA**

Application: **Parking Lot & Loading Dock**

Site Lighter Area Light (SL1)

The SL1 is a built-to-last LED fixture offering a superior combination of performance, value, and form factor. The unique housing is made of extruded aluminum, which is exceptional at moving thermal energy. Beyond its thermal efficiency, the aesthetics are modern and attractive. Efficacy averages 165 lumens/watt, and has a variety of optic options to direct the light where it is needed.

RESULTS

True Value replaced their outdated lighting with Site Lighters (SL1). Light levels increased from >1 to 5.35 footcandles, improving visibility and safety to guests and employees while reducing the operating costs of their warehouse, parking lot and loading dock.
